

# Binary Facts

I always want to learn new things, so people send me some facts. They are not based on specific topics. They are just random statements. I said random, because I believe some of them are actually false! Only two options: true or false. Could you help to find them?

Bats are blind	'A' is the most common letter used in the English language	Coffee is made from berries	Darth Vader said "Luke, I am your father"	The first oranges weren't orange
Bananas grow on palm trees.	"Supernatural" has 327 episodes	Sandwich named after a person	China has one time zone	Salted Water Boils Quicker
First humans and dinosaurs lived at the same time	The "i" in Apple products (as in "iPhone") stands for "ingenuity"	Russia borders both North Korea and Norway	Mount Everest Is The Tallest Mountain in the World	Great Wall of China is visible from the space

Keep going! Hope you are the one who will receive a congratulation letter on successful hunt completion!
